MIX BUSINESS WITH PLEASURE AT STEIGENBERGER ALSİK – DENMARK'S NEW LUXURY CONFERENCE HOTEL

GASTRONOMY IN A CLASS OF ITS OWN

Our owned chef (and MasterChef judge) Jesper Koch is waiting to make every meal and break an exquisite culinary experience. Jesper Koch has developed and manages the hotel's three restaurants – Restaurant Alsik, Freia and Syttende – each of which provides gastronomic experiences in a class of their own.

THE BIGGEST SPA IN DENMARK

If body and soul need to wind down after a day of meetings, Alsik Nordic Spa & Wellness (the biggest spa in Denmark, with more than 60 different spa & wellness experiences) awaits you. The spa also has a large fitness and gym studio open 24 hours a day.

Alsik Nordic Spa's professional instructors are also willing to integrate mindfulness exercises and yoga into your meeting programme.

For instance, start off the day with calm, energising yoga on the large roof patio as the sun rises over Alsund. Revitalise after lunch with focusing mindfulness exercises that tune in to physical well-being and a positive mindset.

PERFECT LOCATION WITH MANY POSSIBILITIES

As a natural hub in the Danish-German borderlands, Sønderborg and Steigenberger Alsik are the right choice if you are looking for international perspective, inspiration and sea views.

Steigenberger Alsik is situated on Sønderborg's lovely waterfront with views of the town of Sønderborg, Sønderborg Castle and Alsund – one of the loveliest fjord landscapes in Denmark.

Getting to Alsik is easy. The flight from Copenhagen to Sønderborg Airport takes only 35 minutes. A motorway leads right to the door, and Alsik's multi-storey car park has a charging station for electric cars. There are also direct railway connections to Sønderborg from Copenhagen, Odense and Kolding.
